

Spay Today

Save a
Life
Tomorrow

Did you know that one unspayed female cat can produce 36 cats in just one and a half years? And an unneutered male cat or dog can help create limitless litters!

Every year, millions of animals are euthanized in animal shelters, and millions more are abandoned to die on the streets. The good news is that all these deaths can be prevented with spaying and neutering. Altering animals also prevents deadly cancers and other diseases.

So what are you waiting for? Make an appointment to get your animal friend spayed or neutered today, and urge everyone you know to do the same. Remember, every single stray cat and every neglected dog came from an animal who wasn't spayed or neutered.
